## Profile

I'm a Computer Science student who is dedicated and highly motivated. I have a background, in programming and a strong passion for solving problems. My ultimate goal as a software engineer is to use my skills and creativity to develop innovative solutions that make a meaningful impact. I'm constantly driven by the desire to learn and adapt to technologies all while collaborating with a team to deliver exceptional results. Currently I am actively searching for opportunities in software development eager to contribute my expertise to an organization that values forward thinking approaches and excels, in technology.
